HOW WE TALK

We say

- "You slept 7h 12m. Nice and steady."
- "Every feature is free, now and later."
- "Sleep, activity and heart-rate trends."

We never say

- "Crush your goals or else."
- "Unlock premium insights."
- "Detects illness" or any medical claim.

LOGO AND USAGE

The open loop and the coral dot

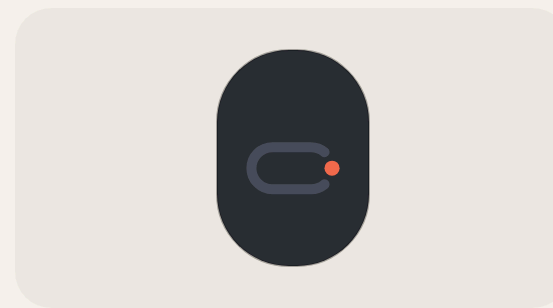

The symbol: a band seen from the side,
open where the tracker sits.

On coral: ink wordmark, paper dot

App icon and social avatar

On the pod: debossed, coral dot inlay

Smallest: 20 px on screen, 8 mm in print

Rules

Keep clear space around the logo equal to the height of the "j". The dot is always coral, except on coral backgrounds, where it turns paper. Use the wordmark on its own when space is short; use the symbol on its own only where the Joova name already appears nearby.

Never

Stretch, rotate or outline the logo · recolor the dot in a non-brand color · add shadows, gradients or glows · place it on busy photos without a solid panel · rewrite the name in another font.

Trademark File the word JOOVA first (standard characters, Class 9), then the loop symbol as a design mark once final. Have the lawyer run a design search on the symbol before boxes are printed.
